The ICAR-National Academy of Agricultural Research Management (NAARM), Hyderabad announces a training programme on "Recent Advances in Organic Farming Research" from January 18-22, 2022. The training will be conducted through In-Person mode.

### Background

Agriculture is a way of life for more than 67% of Indian population apart from its food production system, also we must ensure that it is productive, sustainable, profitable and is able to bring prosperity among farm families. This can be achieved through sustainable agriculture by conversion of natural resources such as soil, water, energy and bioinhabitants (human, animal and plant) and their efficient management into useful wealth. Our country is blessed with vast crop diversity, variations in agro-climatic conditions and different soil types. The production of food grains has increased almost six folds, from 51 to 292 mt from 1950-51 to 2019-20. This can be attributed to large-scale adoption of HYVs, combined with green revolution technology (GRT's) in cereal crops. Nevertheless, excessive and indiscriminate use of synthetic prepared fertilizers and pesticides post green revolution had catastrophic effects on the soil health and affected sustainable production of agriculture in the long run besides having repercussions on social, ecological and economic issues. There are many alternative farming systems which are more sustainable and environmental friendly. One among them is the organic farming practices. In this farming the aim of nutrient management is to optimize the use of on-farm resources and curtail losses. The philosophy is to "feed the soil and not the plants" and it means giving back to the nature what has been taken from it. Therefore, there is a need for paradigm shift in the way we practice the agriculture.

### Objectives:

1. To give overview of recent innovative approaches and strategies followed in organic production system.
2. To apprise the different organic production technologies towards higher profitability and sustainable production.

### Key Contents:

The training is intended to augment knowledge of the participants regarding the status, relevance of organic farming vis-à-vis climate change regime. The programme will help participants update on the organic production technologies, organic production systems and policy implications governing organic production. Besides the above, it also provides an opportunity for the exchange of ideas with the domain expert on the subject matter.

### Who should attend:

Working not below the rank of Assistant Professor and equivalent in the concerned subject in Agricultural Universities or ICAR Institutes.

### Mode of Training Programme:

Programme will be conducted through In-Person mode.

### Programme Dates and Duration:

18-22 January, 2022 (5 Days)

### Programme Fee (Per Participation including GST)

- Faculty, Scientists and Officers of AUs/DUs/SAUs, Public, Private Universities/ Institutions, Startups/NGO's-Rs. 6000/-
- Industry/Corporate Sector Participants-Rs. 6000/-
- No programme fee for ICAR participants (including KVKs attached to ICAR institutes).
- Lodging and Boarding charges will be paid by participants.

### Mode of Payment

Form of online transfer:

In pursuance of Government of India instructions/guidelines on Cashless Transactions, the Course/Programme fee may be paid in the form of online transfer.

**Name of the Beneficiary:** ICAR Unit – NAARM A/C, Account Number 39104423023;

**Name of the Bank:** State Bank of India; Branch: NAARM; IFSC Code No: SBIN0061700) or demand draft/cheque drawn in favour of 'ICAR Unit-NAARM A/C' payable at Hyderabad mentioning name, mobile number and title of the programme backside of the DD/Cheque and sending to Director, ICAR-National Academy of Agricultural Research Management, Rajendrangar, Hyderabad-500 030 Telanagana State, India.

### How to Apply:

Applicants are advised to fill nomination form online after registration on Training Management Information System. (<http://www.naarm.org.in/training>) Upload filled, signed and scanned nomination form on to Training Management Information System or mail it to [trainingunit@naarm.org.in](mailto:trainingunit@naarm.org.in).

### Last date of receiving nominations:

10<sup>th</sup> January, 2022

DO No.1-17/2021-22  
December 15, 2021

Dear Sir/Madam,

**Sub: Nominations for Training Programme on "Recent Advances in Organic Farming Research" from January 18-22, 2022 - reg.**

**Greetings from ICAR-NAARM, Hyderabad.**

I am happy to inform you that the Academy is organizing a Training Programme on "**Recent Advances in Organic Farming Research**" from **January 18-22, 2022**. This course has been exclusively designed for the benefit of Assistant Professors, Scientists and NGO's who are in their early career. The objective of the programme is to give an overview of recent innovative approaches, strategies followed in organic production system towards higher profit and sustainable production.

I request you to nominate suitable concerned faculty/scientists to attend this programme. A copy of the brochure is enclosed for your kind perusal. Eligible and interested applicants are advised to fill the nomination form online after registration on TMIS using ICAR-NAARM website (<https://naarm.org.in/Training/>) on or before **January 10, 2022**. For further information and enquiries, if any, Dr M. Ramesh Naik, Programme Director, ([ramesh.naik@naarm.org.in](mailto:ramesh.naik@naarm.org.in); phone: 040-24581336/9432579163) or Dr. P. Vijender Reddy, Officer I/c, Training Unit, ICAR-NAARM ([vijender@naarm.org.in](mailto:vijender@naarm.org.in); phone: 040-24581310) may be contacted.

With warm regards.

Yours sincerely,

(Ch. Srinivasa Rao)

Encl.: as above.
