Lr.No.38/KMC/PJTSAU/ICAR-NAHEP/2021, dated:29-10-2021

Dear Sir/Madam,

I wish to state that ICAR has sanctioned a project to PJTSAU on "National Knowledge Management Centre for Agricultural Education and Research" under IG component of National Agricultural Higher Education Project (NAHEP). The project is being operational since 2018. Capacity building of Librarians who are working in SAUs/ICAR Institutes is one of the prime objectives of the project.

As a part of NAHEP Project, the University is organizing One Week "National Level Capacity Building Workshop for Agricultural LIS Professionals" of SAUs and ICAR Institutes scheduled from 22-11-2021 to 27-11-2021 (virtually).

In this regard, I request you to nominate one or two Library Professional(s) working in your University/College Library/Institute in the cadre of Assistant Librarian and above and equivalent cadres in ICAR, for One Week National Level Workshop in virtual mode to update their professional skill set.

Since the National Level Training is limited to only 25-30 participants, therefore first come first served basis will be considered. A line of confirmation of the deputed librarian is highly appreciated and the details of the nominated participants may be forwarded **on or before 15-11-2021 to nahep.nkmc4aer@gmail.com.**

With regards

Yours sincerely,

(V. PRAVEEN RAO)
